Special

Semi-automatic simple clipband closing machine for packaging of various types of unsliced and sliced bread, rolls, buns and other products.

The Bagblower ensures that the bags are opened, so that products can be packed quickly, and then immediately closed with the built-in Holly CL Closing machine. This high quality machine with its hardened components and grinded shafts, is also suitable for closing large or paper bags. This closing machine can be combined with several slicers but also with horizontal or vertical packing machines.

- HOBA -   
Customised slicing, packaging and closing machines
