Special

Fully-automatic packing machine HWP for loading flatbread, pita, tortilla or naan bread automatically into pre made wicket bags. The machine has been developed to high quality engineering standards using our knowledge of the national and international bakery markets.

The closing conveyor, after the wrap packer, can be connected with any type of closing machine to suit the customers particular request, including: clipband, tab lock, twist tie and tape seal. Heat sealing units can also be installed on the conveyors depending on material of bags and type of closures.

Hoba
 Customised slicing, packaging and closing machines

Fully-automatic flatbread line packaging and closing

Wrap packer HWP

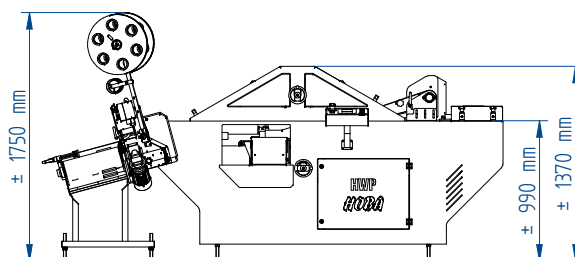

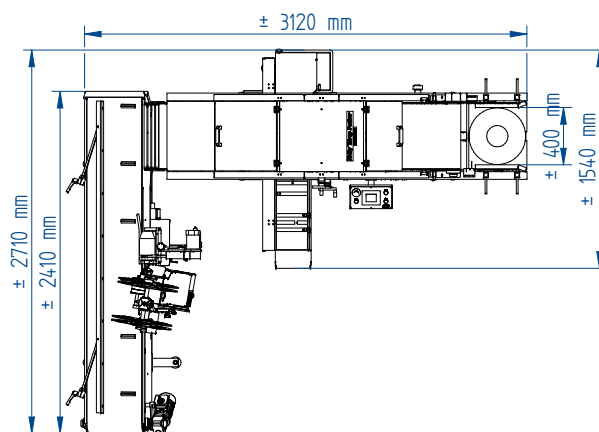

- ▶ Infeed of the pita bread with belt
